REPORT

OF THE

UNDER-SECRETARY OF STATE

To the Honourable
CHARLES MURPHY,
Secretary of State of Canada.

SIR,—I have the honour to submit to you a statement of the work of the Correspondence Branch of the Department of the Secretary of State for the year ended March 31, 1910.

INCORPORATION OF COMPANIES.

The number of charters issued under the Companies Act during the fiscal year 1909-10 was 493. The total capitalization of new companies was $301,788,300, and the capitalization of existing companies was increased by $46,589,500, the whole amounting to $348,377,800, the largest in the history of the Department.

Particulars as to the objects, powers, capital stock, &c., of the companies incorporated or granted Supplementary Letters Patent during the twelve months will be found in my report of the work of the Registrar's Branch of the Department.

The Departmental report for the period ended March 31, 1908, included a complete list of all companies to which charters, either original or supplementary, or both, had been granted under the various joint stock companies Acts of Canada from as far back as 1821 to that date. This list is not contained in the present report, the intention being to publish it at intervals of five years, each yearly report in the meantime to contain as usual the record of the charters and supplementary charters issued in the twelve months which it covers.

NATURALIZATION OF ALIENS.

In my report as Deputy Registrar General above referred to, full particulars are given of all naturalizations effected throughout the Dominion for the twelve months since the date of the last return, viz., to December 31, 1909. Complete returns showing the names, places of residence, and former nationalities of all Canadian naturalized subjects of His Majesty are tabulated and recorded in the Registrar's Branch of the Department, and are always available for reference.

The large increase in the number of naturalizations registered necessitated a corresponding increase in the cost of the returns, the payments to the returning officers, details of which will be found in the report of the Auditor General, amounting to $4,995.49. All the correspondence in connection with the returns and all the accounts for the same were dealt with in this branch.

CANADA TEMPERANCE ACT.

No elections under this Act were held during the past year.

At this date the Canada Temperance Act is in force in the following counties and cities:—

Nova Scotia.

Counties of Annapolis, Cumberland, Digby, Guysborough, Hants, Kings, Pictou, Queens, Shelburne and Yarmouth.

New Brunswick.

Counties of Albert, Carleton, Charlotte, Kings, Northumberland, Queens, Sunbury, Westmorland and York, and City of Fredericton.

Manitoba.

Lisgar and Marquette.

The Act is not in force anywhere in any of the other provinces or territories.

Subjoined is a statement of the revenue of the Department for the fiscal year ended March 31, 1910.

Increase over last year—$56,659.06.

Expenditure for naturalization returns—$4,995.49.

* For April, May, June and part of July, 1909. Since issued by the Department of External Affairs.

The revenue exceeded the expenditure of the Department for salaries and contingencies by $78,215.68, and after covering all other expenditure, including the collection of returns under the Naturalization Act; the cost of providing the library of the High Commissioner's office in London with Canadian books and periodicals; advertising in the *Canada Gazette*; subscription to the *Canadian Parliamentary Companion* (600) copies, &c.,—left a credit balance of nearly sixty thousand dollars ($59,599.66).

GENERAL.

Satisfactory progress has been made in the work of classifying and indexing the books and papers, the accumulation since confederation, and a draft catalogue is in course of preparation. The greater part of this mass of documents has now been arranged in the several rooms in what, prior to the transfer of the earlier documents to the Archives Branch of the Department of Agriculture, was the Records Branch of this Department. A draft catalogue of the books constituting the library of reference has been completed. During the year 10,351 Imperial and foreign publications were received, of which 7,058 were distributed among the several provincial governments, the universities and other institutions, the remainder being added to the library.

My report of the work done in the Registrar's Branch of the Department follows this. In addition to the lists of charters of incorporation and supplementary charters, and the returns of naturalization already mentioned, it contains a list of all boards of trade registered in the Department, trade unions, loan companies, licenses granted to British and Foreign companies, commissions issued to public officers, and other useful information.

The Civil Service List of Canada for the year 1910, showing the names, dates of appointments, and promotions, ages and salaries of all persons permanently employed in the several departments of the service and in the two Houses of Parliament on April 1, 1910, is now in course of preparation.

I have pleasure in expressing my satisfaction with the manner in which the staff of the Department have performed their duties during the year.

I have the honour to be, sir,
Your obedient servant,

THOMAS MULVEY,
Under-Secretary of State.

OTTAWA, April 1, 1910.

NATURALIZATION.

For the year 1909, there were about 730 returns received under 'The Naturalization Act,' containing 16,350 names of persons who were granted certificates of naturalization, and of re-admission to British nationality. The returns, with the certificates, have been numbered and filed in the branch.

I might say that for ready reference 3 indexes are kept for naturalization purposes viz.: 1st for the districts, giving the name of the district, with the name of returning officer, also the number given the return;

2nd. For the names of the returning officer, in which is kept a statement of the number of persons naturalized, and the number of certificates received with each half yearly return, also containing the number of the fyle and the number given the return, and

3rd. For the names of the persons so naturalized or re-admitted, giving the necessary particulars therein.

A schedule showing the former nationalities of the persons naturalized during the year will be found on the following page——

REPORT

OF THE

UNDER-SECRETARY OF STATE FOR EXTERNAL AFFAIRS.*

To the Honourable Charles Murphy, K. C., M. P.
Secretary of State for External Affairs.

Sir,—I have the honour to submit herewith a report on the affairs of the Department of External Affairs covering the first year of its existence.

The Act by which the Department was created was brought into operation by proclamation of the Governor General on June 1, 1909, and steps were forthwith taken for its organization and for the inception of its work. Temporary accommodation having been obtained in the House of Commons building, it was possible to begin operations early in July. About the middle of October its location was transferred to quarters in the Trafalgar building, at the corner of Queen and Bank Streets, where it is now established.

In addition to the current business of the Department, a highly important and laborious part of its work is the laying of foundations for its future usefulness by collecting and arranging the papers recording the history of Canada's external relations. Good progress has been made with this work, especially as regards the more recent papers, but much remains to be done.

The current correspondence with which the Department has been called on to deal, has been concerned with subjects of perhaps rather more than usual interest, as will appear from the following brief review.

TRADE RELATIONS.

CONVENTION WITH FRANCE.

The Supplementary Convention signed January 23, 1909, modifying the Convention of September 19, 1907, regulating the commercial relations between Canada and France, was approved by the Canadian Parliament in an Act which took effect on December 3, 1909, and both Conventions were ratified and became operative on February 1, 1910.

The general effect of these two Conventions which are to remain in force, unless previously denounced, for ten years, and thereafter until the expiry of twelve months from the day on which either of the two parties shall have denounced them, is to give to certain Canadian products enumerated in Schedule A of the Convention, the benefits of the French minimum tariff, in return for the concession to the French products specified in Schedule B, of the Canadian Intermediate tariff, and of special rates to other products named in Schedule C.

*This report is carried down to the 30th June, 1910.

ARRANGEMENT WITH GERMANY.

As a result of informal negotiations between the Minister of Finance and the Imperial German Consul for Canada, the contention of Germany that German products should receive in Canada the same treatment as the products of the United Kingdom was abandoned, and a provisional commercial agreement arranged whereby in return for the admission of a list of specified Canadian products to the benefits of the German Conventional tariff, the application of the surtax of $33\frac{1}{3}$ per cent, imposed on German imports into Canada was suspended.

Effect as from March 1, 1910, was given to this agreement by an Order of the Governor General in Council, dated February 14, 1910, and a Notice of the German Federal Council dated February 24, 1910

This agreement is a provisional one, made in contemplation of the negotiation of a formal Convention, and if such a Convention is not entered into within a reasonable time, may be terminated on two months' notice.

ARRANGEMENT WITH ITALY.

As in the case of Germany, an informal agreement was entered into between the Minister of Finance and the Royal Consul of Italy whereby specified Canadian products were to be admitted to Italy on payment of the Conventional import duties, in return for the admission into Canada at Intermediate tariff rates of specified products of Italy.

Effect was given to this agreement, in so far as Canada was concerned, by an Order of the Governor General in Council dated June 7, 1910.

Like the arrangement with Germany, this agreement was made in contemplation of a formal Convention, and is liable to be terminated on two months notice if such a Convention is not concluded within a reasonable time.

ARRANGEMENT WITH BELGIUM.

The tariff treatment granted to Canadian products by Belgium having been considered to warrant concessions from Canada, the Canadian Government by Order in Council of June 7, 1910, extended the benefit of the Intermediate tariff to specified Belgian products.

ARRANGEMENT WITH THE NETHERLANDS.

On the same grounds a similar concession by Order in Council of June 7, 1910, was made to like products of the Nether ands

UNITED STATES.

The enactment of the United States Tariff Act on August 5, 1909, by which the President of the United States was empowered to grant the benefits of the minimum tariff to the products of such countries as did not unduly discriminate in their tariff treatment against United States products, raised the question whether the Franco-Canadian Treaty, the benefits of which were automatically extended under most favoured nation clauses in certain treaties to various foreign nations, among which the United States was not included, did not effect such a discrimination.

In order to satisfy himself that he would be justified in applying the minimum tariff to Canadian products, the President invited the Minister of Finance to Albany to discuss the subject. As an outcome of this discussion Canada

agreed to reduce the general tariff on thirteen named articles, on which, under the Treaty, France had been granted the Intermediate tariff, to the level of the Intermediate tariff. This agreement was carried into effect by the passing of an Act by the Canadian Parliament to amend the Customs Tariff, and the President issued a Proclamation admitting Canadian products to the benefits of the minimum tariff.

It has been arranged that the question of the commercial relations between the two countries shall form the subject of further negotiations.

WEST INDIES COMMISSION.

With the object of promoting closer trade relations and developing mutual trading facilities between Canada and the British West India Colonies, a Commission, dated August 9, 1909, was issued by His Majesty's Government appointing the Right Honourable Lord Balfour of Burleigh, K. T., the Honourable W. S. Fielding, the Honourable William Paterson, Sir John Poynder Dickson-Poynder, Bart., D. S. O., and Sir Donald Morris, K. C. M. G., to investigate and report upon the measures to be taken for this end.

In furtherance of the objects of the Commission, meetings were held at various points in Canada in the autumn of 1909; and a tour of the principal West India Islands arranged for, commencing towards the end of January. On this tour Mr. Paterson accompanied his fellow commissioners, but owing to pressure of Parliamentary duties Mr. Fielding was unable to join them.

Further meetings were held in London in June, 1910.

OTHER TREATIES.

TREATY WITH UNITED STATES *re* BOUNDARY WATERS.

This Treaty, as approved by the United States Senate in its Resolution of March 3, 1909, which stipulated that the Treaty should not be construed so as to affect or change existing rights at the rapids of Sault Ste. Marie, or to interfere with the drainage of swamp or overflowed lands into streams flowing into boundary waters, was accepted by Canada, and the final ratifications exchanged on May 5, 1910.

Its object is to prevent disputes regarding boundary waters which, broadly speaking, it defines as waters and connecting waterways along the international boundary between Canada and the United States passes. Navigation of such waters for purposes of commerce is made free to the inhabitants and vessels of both countries equally, and the like freedom is extended to the waters of Lake Michigan and to all canals connecting boundary waters.

Each Government reserves exclusive jurisdiction and control over the use and diversion of all waters on its own side of the boundary line which in their natural channel would flow across the boundary; but it is agreed that any interference with such waters on either side of the line, resulting in injury on the other shall give rise to the same rights and entitle the injured parties to the same legal remedies as if such injury took place in the country where the interference occurs.

No obstruction or diversion of boundary waters, except by special agreement, is to be made hereafter save by the authorities of the Dominion of Canada or of the United States within their respective jurisdictions, and with the approval of the International Joint Commission established by the Treaty. The approval of that Commission is also made necessary to the construction or maintenance of any remedial or protective works or dams in waters flowing from boundary waters, or in waters at a lower level than the boundary, in rivers flowing across

the boundary, the effect of which is to raise the natural level of waters on the other side of the boundary. Provision is also made to prevent the pollution of boundary waters on either side to the injury of health or property on the other.

A limit is placed upon the diversion of water from the Niagara river so that the level of Lake Erie and the flow of the river may not be appreciably affected.

The diversion of water above the falls for power purposes allowed to the United States is not to exceed in the aggregate a daily diversion at the rate of 20,000 cubic feet per second, that allowed to Canada is not to exceed in the aggregate a daily diversion at the rate of 36,000 cubic feet per second.

It is agreed that the St. Marie and Milk rivers, and their tributaries (in the State of Montana and the Provinces of Alberta and Saskatchewan) shall be treated as a single stream for purposes of irrigation and power, and their waters shall be equally apportioned between the two countries.

An International Joint Commission is constituted to consist of six Commissioners, three appointed by the United States and three by Canada, which is to have jurisdiction over and to pass upon cases involving the obstruction or diversion of boundary waters.

It is further provided that other questions and matters of difference arising between the two countries involving the rights, obligations or interests of either in relation to the other or to the inhabitants of the other along the common frontier shall be referred to the Commission for examination and report, and that any questions or matters of difference arising, involving the rights, obligations or interests of either country in relation to the other or their respective inhabitants may be referred for decision to the same tribunal.

TREATY FOR PRESERVATION OF FISHERIES IN INTERNATIONAL BOUNDARY WATERS OF APRIL 11, 1908.

Under the authority conferred by this Treaty, Joint Regulations were drawn up by Professor E. E. Prince and Professor D. S. Jordan, the International Fisheries Commissioners, and were simultaneously laid before the Parliament and the United States Congress on February 4, 1910.

NORTH ATLANTIC COAST FISHERIES ARBITRATION.

Under the General Convention of Arbitration between Great Britain and the United States of April 4th, 1908, a Special Agreement was signed on January 27, 1909, arranging for the reference to arbitration of the long-standing questions of difference in regard to the interpretation of the provisions of the Convention of 1818 relative to the North Atlantic Coast Fisheries.

The Arbitration Tribunal chosen by mutual agreement from among the members of the Permanent Court at the Hague consists of Dr. Heinrich Lammasch, President, His Excelleney Luis M. Drago, Jonkheer A. F. de Savornin Lohman, the Honourable George Gray and the Right Honourable Sir Charles Fitzpatrick. The Honourable A. B. Aylesworth was appointed British Agent, and Mr. Chandler Anderson, Agent of the United States.

The pleadings were duly exchanged between the two parties as provided by the agreement and the oral argument began at the Hague on June 1.

DELIMITATION OF BOUNDARY IN PASSAMAQUODDY BAY.

The provision made in the Demarcation of Boundaries Treaty with the United States, of 1908, for the delimitation of two portions of the International

Boundary in Passamaquoddy Bay by mutual agreement having expired before such agreement was reached, it became necessary, in order to give effect to a compromise arranged between the two Governments by which Pope's Folly Island was relinquished to the United States and Canada retained the Upper Middle Grounds, to conclude a new treaty. Such a treaty fixing the boundary in accordance with a description settled by the British and United States Boundary Commissioners so as to carry out the compromise was signed on May 21, 1910.

DEMARCATION OF BOUNDARY.

Further progress was made during the season of 1909 under the Alaska Boundary Convention of 1906, in the survey and demarcation of the 141st meridian of west longitude where it forms the international boundary, so as to complete that work between a point near the Natazhat Ridge and the Yukon River, a distance of 215 miles, with the exception of the vista cutting for a distance of 57 miles and the placing of the final monuments for about 101 miles.

Correspondence has taken place with the United States Government in regard to the condition of the sealing industry and the question of the necessity of further measures for the protection of the fur-seal species; and the conclusion of an agreement for settling various outstanding pecuniary claims of subjects of His Majesty against the United States Government and of citizens of the United States against His Majesty's Government has also been the subject of negotiations.

I have the pleasure in expressing my satisfaction with the manner in which the members of the staff have discharged their duties during the past year.

I have the honour to be,

Sir,

Your obedient servant,

JOSEPH POPE,

Under-Secretary of State for External Affairs.

OTTAWA, June 30th, 1910.

DEPARTMENT OF EXTERNAL AFFAIRS, JANUARY, 1910.

DEPARTMENT OF EXTERNAL AFFAIRS.

REGULATIONS RESPECTING PASSPORTS.

NOTE.—Naturalized British subjects should bear in mind that their naturalization has no effect within the limits of the Foreign State to which they originally belonged, unless they have ceased to be subjects of that state, in the manner prescribed by the laws thereof, or in pursuance of a treaty or convention to that effect.

1. Applications for passports should be made in writing and enclosed in a cover addressed to "THE HONOURABLE THE SECRETARY OF STATE FOR EXTERNAL AFFAIRS, OTTAWA".

2. The charge for a passport, whatever number of persons may be named in it, is two dollars. The fee payable must accompany the application. Postage stamps will not be received as payment.

3. Passports are granted only to British-born subjects or to persons naturalized in the Dominion of Canada. A married woman is deemed to be a subject of the state of which her husband is for the time being a subject.

4. Passports are not valid after five years from the date of issue. Fresh passports must then be obtained. When the party is a naturalized British subject he will be so designated in his passport.

5. Passports are granted to all persons either known to the Secretary o State or recommended to him by some person who is known to him; or upon the production of a declaration by the applicant, a blank form of which may be obtained at this Department, verified by a declaration made by any banking firm or by any mayor, magistrate, justice of the peace, minister of religion, physician, surgeon, solicitor, or notary resident in the Dominion of Canada. In certain cases, the applicant's certificate of birth must be produced in addition to the declaration.

6. If the applicant for a passport be a naturalized British subject, his certificate of naturalization must be forwarded to the Department of External Affairs with the declaration; and his certificate of naturalization will be returned with the passport to the person who has communicated with this Department in the applicant's behalf for delivery to the latter.

7. A passport cannot be issued by the Department of External Affairs on behalf of a person already abroad; such person should apply for one to the nearest Br tish mission or Consulate.

8. Travellers who may have any intention of visiting the Russian Empire, the Turkish Dominions, the Kingdom of Roumania, Persia, Colombia, Venezuela, Hayti, or Eritrea, at any time in the course of their travels, must first have their passports *visés* at the nearest Russian, Turkish, Roumanian, Persian, Colombian, Venezuelan, Haytian or Italian Consulate as the case may be. For the information of travellers proceeding to any of these countries *via* Great Britain, it may

be stated that the addresses in London of these consulates are respectively as follows:—The Russian Consulate-General, Windsor Chambers, 20, Great St. Helen's, E. C.; the Consulate-General of the Sublime Porte, 140 Leadenhall Street, E.C.; the Roumanian Consulate-General, 49 Parliament Street S.W.; the Persian Consulate-General, 82 Victoria Street, S.W.; the Colombian Consulate-General, Friars House, New Broad Street, E.C.; the Venezuelan Consulate-General, Finsbury Pavement House, Finsbury Pavement, E.C.; the Haytian Consulate, 32 Fenchurch Street, E.C.; the Italian Consulate-General (for Eritrea), 44 Finsbury Square, E.C. Passports may also be *visés* at any of the other Consulates of Russia, Turkey, Roumania, Persia, Colombia, Venezuela, Hayti, or Italy in the United Kingdom. Travellers about to proceed to any other country need not obtain the *visa* of the Diplomatic or Consular Agents of such country.

N.B.—Although travellers are now free to enter most foreign countries without passports, colonial British subjects travelling abroad are recommended not to omit to provide themselves with passports, for even in those countries where they are no longer obligatory, they are found to be useful as affording a ready means of identification in case of need. British subjects intending to *reside* in Germany or in Switzerland should provide themselves with passports.

Rates of allowances.

11. The superannuation allowance hereinbefore mentioned shall be calculated upon the average yearly salary, during the last three years of service, of the person to whom such allowance is to be made, and shall not exceed, if such person has served for ten years, but less than eleven years, an annual allowance of ten-fiftieths of such average salary, and, if he has served for eleven years but less than twelve years, an annual allowance of eleven-fiftieths thereof, and in like manner a further addition of one-fiftieth of such average salary for each additional year of service up to thirty-five years, when an annual allowance of thirty-five-fiftieths may be granted, but no addition shall be made for any service beyond thirty-five years.

Fraction of one-half or more equal to one year.

2. In computing the number of years of service for the purposes of this section, if the actual period of service includes a fraction of a year, the fraction, if equal to or greater than one-half, shall be counted as a full year's service. R.S., c. 18, s. 3; 3 E. VII., c. 10, s. 1.

Ten years may be added.

12. The Governor in Council may, in the case of any person who entered the Civil Service after the age of thirty years, as being possessed of some peculiar professional or other qualifications or attainments required for the office to which he was appointed, and not ordinarily to be acquired in the public service, add to the actual number of years of service of such person, such further number of years not exceeding ten, as is considered equitable, for reasons stated in the order in council made in the case, and such additional number of years shall be taken as part of the term of service on which the superannuation allowance of such person shall be computed. R.S., c. 18, s. 4.

Diminished allowance if service unsatisfactory.

13. If the head of a department reports with respect to any person employed in his department, and about to be superannuated, from any cause other than that of ill-health or age, that the service of such person has not been satisfactory, the Governor in Council may, as to him seems fit, grant such person a superannuation allowance less than that to which he would have otherwise been entitled. R.S., c. 18, s. 9.

14.

Gratuity when yearly allowance not earned.

14. If any person to whom this Act applies is constrained, from any infirmity of mind or body, to quit the Civil Service before the period at which a superannuation allowance might be granted him, the Governor in Council may allow him a gratuity not exceeding one month's pay for each year of his service; and if any such person is so constrained to quit the service before such period, by reason of severe bodily injury, received without his own fault, in the discharge of his public duty, the Governor in Council may allow him a gratuity not exceeding three months' pay for every two years' service, or a superannuation allowance not exceeding one-fifth of his average salary during the then last three years. R.S., c. 18, s. 10.

Compensation if retirement compulsory.

Limited.

15. If any person to whom this Act applies is removed from office in consequence of the abolition of his office for the purpose of improving the organization of the department to which he belongs, or is removed or retired from office to promote efficiency or economy in the Civil Service, the Governor in Council may grant him such gratuity or superannuation allowance as will fairly compensate him for his loss of office, not exceeding such as he would have been entitled to if he had retired in consequence of permanent infirmity of body or mind, after adding ten years to his actual term of service. R.S., c. 18, s. 11.

Payment of allowances.

16. The allowances and gratuities granted under this Act shall, as to all persons appointed to the Civil Service previous to the first day of April, one thousand eight hundred and ninety-three, be payable out of the Consolidated Revenue Fund of Canada, and as to all persons appointed to the Civil Service on or after the last mentioned date, the same shall be payable out of the Civil Service Superannuation Fund, number two, hereinafter defined. R.S., c. 18, s. 15; 56 V., c. 12, s. 4.

DEDUCTIONS.

From salaries.

2 per cent.
1½ per cent.

17. A deduction towards making good the superannuation allowances hereinbefore mentioned shall be made from the salary of every person in the Civil Service appointed previous to the first day of April, one thousand eight hundred and ninety-three, at the rate of two per centum per annum on such salary, if it is six hundred dollars or upwards, and of one and one-quarter per centum per annum thereon if it is less than six hundred dollars, and the sum so deducted shall form part of the Consolidated Revenue Fund of Canada. R.S., c. 18, s. 6.

3½ per cent.
3 per cent.

18. A deduction shall be made from the salary of every person appointed to the Civil Service on or after the first day of April, one thousand eight hundred and ninety-three, at the rate of three and one-half per centum per annum on such salary, if it is six hundred dollars or upwards, and of three

per centum per annum thereon if it is less than six hundred dollars, and such deduction shall be carried to the credit of a fund called the Civil Service Superannuation Fund, number two, to which shall be added by the Government annually such a sum as, upon an estimate or valuation thereof based upon the H. M. Mortality Table of the Institute of Actuaries of Great Britain and a rate of interest of six per centum per annum, may be sufficient to make the amount thereof equal to the value of the prospective annuities payable therefrom. 56 V., c. 12, s. 3.

19. The deductions mentioned in the last two preceding sections shall be made only during the first thirty-five years of service. R.S., c. 18, s. 6. Deductions during 35 years of service only.

COMPULSORY RETIREMENT.

20. Retirement shall be compulsory on every person to whom the superannuation allowance hereinbefore mentioned is offered, and such offer shall not be considered as implying any censure upon the person to whom it is made; nor shall any person be considered as having any absolute right to such allowance, but it shall be granted only in consideration of good and faithful service during the time upon which it is calculated. R.S., c. 18, s. 8. When. No absolute right to allowance.

21. Nothing herein contained shall be understood as impairing or affecting the right of the Governor in Council to dismiss or remove any person from the Civil Service. R.S., c. 18, s. 8. Right of dismissal unimpaired.

DISMISSAL.

22. The Governor in Council may, on the recommendation of the Treasury Board, pay to any person heretofore or hereafter dismissed from the public service of Canada, who at the time of such dismissal was contributing to any civil service superannuation fund under the provisions of this Act, or who has contributed to any such fund or funds during thirty-five years of service, the whole, or such portion as the Governor in Council deems expedient of the amount so contributed by such person to such fund. Deductions may be repaid.

2. The Governor in Council may also, on the recommendation of the Treasury Board, in addition, pay to such person interest to the date of such dismissal on the contributions so repaid, or any portion thereof, at such rate of interest, not exceeding five per centum per annum, and calculated in such manner, as the Governor in Council deems advisable. 60-61 V., c. 15, s. 1 and 2. With interest.

In discretion of Governor in Council.

23. Nothing in the last preceding section contained shall be construed to confer upon any person any right to demand or enforce the repayment of any amount contributed by him to any such fund, or any interest thereon, and all payments made under the last preceding section shall be wholly in the discretion of the Governor in Council. 60-61 V., c. 15, s. 3.

FORFEITURE OF ALLOWANCE.

In what cases.

24. Every person who receives a superannuation allowance, and is under the age of sixty years, and is not disabled by bodily or mental infirmity, may be called upon to fill, in any part of Canada, any public office or situation for which his previous services render him eligible, and which is not lower in rank or emolument than that from which he retired; and, if he refuses or neglects so to do, he shall forfeit his said allowance. R.S., c. 18, s. 12.

26. The order in council made in any case of superannuation shall be laid before Parliament at its then current or next ensuing session. R.S., c. 18, s. 3.

PART II.

Addition.

2. The amount reserved in the case of each person together with any sum transferred to his credit as in the preceding subsection mentioned, shall be entered in a separate account, and interest at the rate of four per centum per annum, shall on the first days of January and July in each year, be computed on all sums to the credit of the Retirement Fund, whether principal or interest, and such interest shall be credited to the said sums and form part thereof. 61 V., c. 17, ss. 4 and 6. 12. The Minister shall cause tables to be constructed fixing the premiums to be paid by the insured to the Minister as the consideration for such insurance contracts, and also all other tables necessary for the carrying out of the provisions of this Act. Tables to be constructed

2. All such tables shall be based on the H. M. Mortality Table of the Institute of Actuaries of Great Britain, and on a rate of interest of six per centum per annum, no allowance being made for expenses. Basis of same.

3. Such tables shall be framed so that the premium to obtain an insurance contract may be paid in one sum, or in annual, semi-annual, quarterly, or monthly instalments, and either during the life of the insured or during a limited period. 56 V., c. 13, s. 11. Premiums how payable.

Qualification of candidates.

14. No person shall be edmitted to such an examination unless he is a natural-born or naturalized British subject, and

Computation of number of vacancies.

15. Before holding any such examination the Commission shall require each head of a department to furnish it with the number of additional permanent officers or clerks likely to be required in his department within the next six months.

2. On this basis, and having regard also to the requirement of the several departments for temporary services, a computation shall be made by the Commission of the number of competitors to be selected at the next ensuing examination.

3 If there remain from a previous examination successful competitors who have not received appointments, their number shall be deducted in making the computation, and their names, in the order of merit, shall be placed at the top of the list to be prepared in accordance with section 17 of this Act.

Notice of examinations

16. Thereupon due notice of the examination shall be given by the Commission, stating the character and number of the positions to be competed for.

List of successful competitors

17. Immediately after the examination the Commission shall make out a list of the successful competitors thereat for each position, in the order of merit, up to the number computed in accordance with section 15.

Selections to fill vacancies.

18. From the said list the Commission, on the application of the deputy head, with the approval of the head, of any department, shall supply the required clerks, whether for permanent or temporary duty.

2. The selections shall be, so far as practicable, in the order of the names on the list, but the Commission may select any person who in his examination shows special qualifications for any particular subject.

3. The Commission shall forthwith notify the Treasury Board and the Auditor General of the name and position in the service of each clerk supplied to any department and also of the rejection of any such clerk during his probationary term.

4. Assignment for temporary duty shall not prejudice the right to assignment for permanent duty.

5. No clerk supplied for temporary duty shall be so employed for more than six months in any year.

Rejection during probation.

19. The head of the department, on the report in writing of the deputy head, may, at any time after two months from the date of assignment, and before the expiration of six months, reject any person assigned to his department.

2. The cause of the rejection shall be reported by the deputy head to the Commission, who shall thereupon select another person to take the place of the one rejected, and decide whether the latter shall be struck off the list or allowed a trial in another department.

Probationary service.

20. After a person so selected has served a probationary term of six months, he shall be deemed to be permanently accepted for the service.

Professional and specially qualified officers.

21. If the deputy head reports that the knowledge and ability requisite for the position are wholly or in part professional, technical or otherwise peculiar, the Governor in Council, upon the recommendation of the head of the department based on the report in writing of the deputy head, may appoint a person to the position without competitive examination and without reference to the age limit, provided the said person obtains from the Commission a certificate, to be given with or without examination, as is determined by the regulations of the Commission, that he possesses the requisite knowledge and ability and is duly qualified as to health, character and habits.

Messengers, packers, etc.

22. Appointments to the positions of messenger, porter, sorter and packer, and to such other positions in the lower grades as are determined by the Governor in Council, may be made by the Governor in Council upon the recommendation of the head of the department based on the report in writing of the deputy head, and accompanied by a certificate of qualification from the Commission, to be given with or without examination, as is determined by the regulations of the Commission, that the person applying for the appointment possesses the requisite knowledge and ability and is duly qualified as to age, health, character and habits.

Temporary clerks.

23. When, from a temporary pressure of work, extra assistance in excess of those whose names are on the list of successful competitors is required in the Inside Service of any department, the Governor in Council may, upon the recommendation of the head, based on the report in writing of the deputy head of the department that such extra assistance is required, authorize the employment of such number of temporary clerks as are required to carry on the work of the department.

2. Every such clerk shall, however, before appointment obtain a certificate of qualification from the Commission, to be given with or without examination, as is determined by the regulations of the Commission, that he possesses the requisite knowledge and ability and is duly qualified as to age, health, character and habits.

3. No such temporary clerk shall be employed for more than four months in any year.

PROMOTIONS.

Promotion by merit.

24. Promotion, other than from the third to the second division, shall be made for merit by the Governor in Council upon the recommendation of the head of the department, based on the report in writing of the deputy head and accompanied by a certificate of qualification by the Commission to be given with or without examination, as is determined by the regulations of the Commission.

Promotion from Second Division to First.

25. Except as herein otherwise provided, vacancies in the first division shall be filled by promotions from the second division.

Promotion to Second Division.

26. Clerks in the third division shall be permitted to enter for the open competitive examination for the second division, after such term of service and under such other conditions as are determined by regulations made by the Governor in Council, on the recommendation of the Commission.

2. Existing conditions continued.

2.
